

WHAT'S HAPPENING THIS WEEK AT O.S.H.C.

Dear parents this week was Healthy foods week and we have discussed the importance of eating healthy food and encouraged our children to try healthy food that they never ate because they don't like or think they don't like. Children shared ideas of how we can include healthy ingredients in foods that we like to eat for example children love lasagne so we created zucchini lasagne, we also baked an orange cake, carrot cake and fruit salad. Children also created healthy food through crafts such as vegetable painting, 3d fruit, picnic basket and also creating their favourite dish. Children also participated in some physical experiences. This week was full of fun activities which children really enjoyed!
